County of FOREST } ss.

I NEAL SPERHAKE, do hereby certify that on the TWENTIETH day of OCTOBER 1964, I established the CENTER OF THE SOUTHEAST QUARTER OF SECTION 5, TOWNSHIP 35 NORTH, RANGE 13 EAST, Fourth Principal Meridian, as described hereon.

History: There is no record of this corner having ever been previously established.

Description of monument and accessories I established to perpetuate the location of this corner:

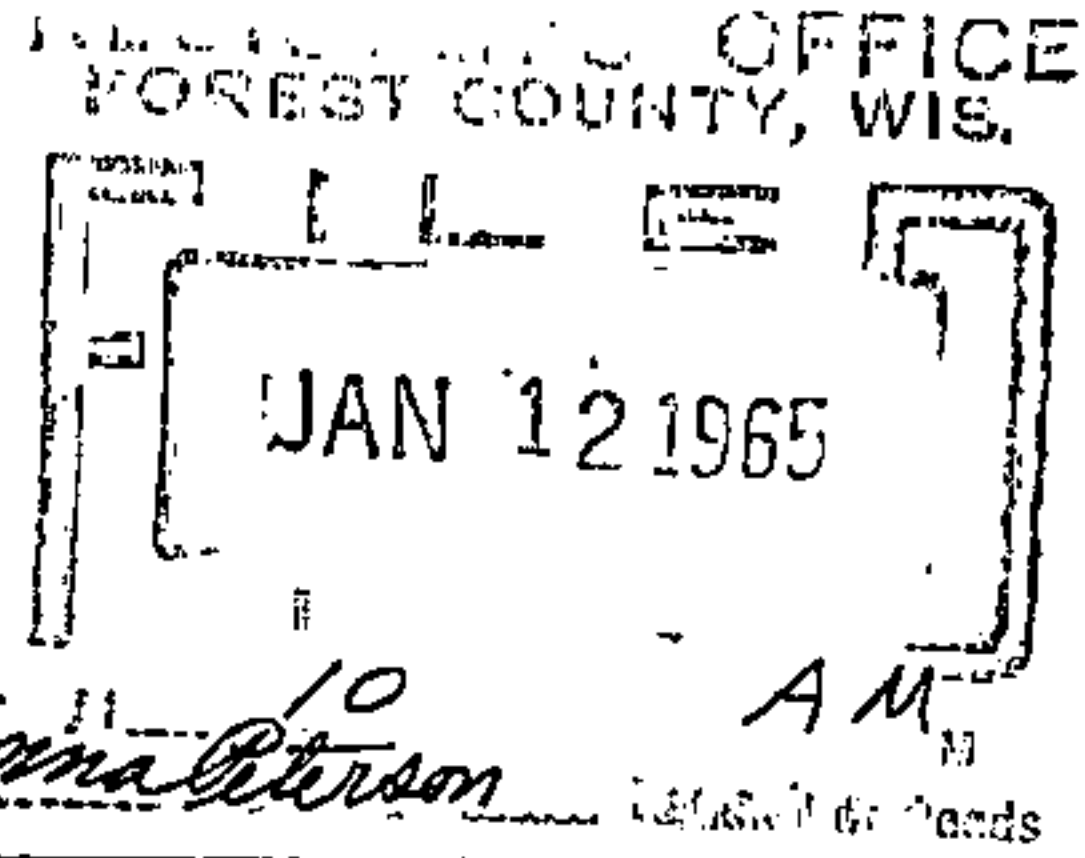

At the point determined for the location of the corner I emplaced a:
GALVANIZED IRON PIPE, THREE FEET LONG, ONE INCH IN DIAMETER, WITH ALUMINUM CAP DENOTED AS, "KIMBERLY CLARK CORP. T35N C SE¹/₄ SEC. 5 R13E SPERHAKE RLS 463 10/20/64."
The pipe is witnessed by:
Oak 5 N 40°W 14 links. (SCRIBED S 5 BT).
Oak 5 S 86°E 15 links. (SCRIBED S 5 BT).

O = Corner monument restored

Description as to how corner was located: It has been previously determined that the section line between sections 5 and 8 is parallel to the town line between sections 32 and 5. Thus, the south sixteenth line of section 5 would be parallel to both section lines. Because of Lake Metonga the western half of section 5 is non-existent. Therefore, the north-south quarter line is non-existent. Thus, it must be assumed that the east sixteenth line of section 5 would be a straight line between the east sixteenth corner on the north section line and the east sixteenth corner on the south section line. The east sixteenth on the town line between sections 32 and 5 had been previously established with a distance between it and the town line corner of 32, 33, 4, 5, of 19.96 chains. The east sixteenth between sections 5 and 8 had been previously established with a distance between it and the corner of sections 4, 5, 8, 9, of 19.42 chains. By interpolation, the position of the center of the southeast quarter would be on a line parallel with the north and south section lines, and 19.55¹/₂ chains west of the south sixteenth corner between sections 4 and 5. It was so placed.
