History of original cor	ner establish	nient:		
Original Governme	nt Survey	in 1858 by A	rtemas Curtis. North between Sections 7 and 12,	
80.00 chs., set S	ection Con	rner Post to	Sections 1, 6, 7 and 12, from which the following	
bear; Sugar, 14",	S35°W, 28	3 1ks., Spruc	e, 15", N50°W, 94 1ks., Sugar, 10", N27°E, 14 1ks.	, ,
	_		as Arnott, a Local Surveyor, sub-divided Section	
		-	e. From evidence, set a 2 inch diameter iron pipe,	,
from which the fo	llowing be	ear;		
Sugar	12"	S49°E	25.87 feet	
Hemlock	24"	S45°W	13.65 feet	
E1m	14"	N61°W	37.84 feet	

Description of corner evidence found:

ē ×

Found iron pipe as described and in place, from which the following bear;

Sugar	13"	S49°E	25.87	feet
Hemlock	25 ''	S45°W	13.65	feet
E1m	15 ''	N61°W	37.84	feet

All of the above bearing trees were cut down for the Aerial Photo Project.

I accept the location of the iron pipe, in concurrence with bearing tree evidence, as the $oldsymbol{g}$ best available evidence for restoring the corner position.

No original corner evidence was recovered.

Description of monument and accessories I established to perpetuate the original location of this corner.

In place of iron pipe, set a 2½ inch diameter aluminum pipe monument, 3 feet long,
2½ feet in the ground, with an aluminum cap stamped; T39N, R14E, R15E, S1, S6, S7,
S12, 1985, S-1107. From which the following new blazed and scribed bearing trees bear;

	Maple	8"	N10°E	27.50 feet
٠	Ironwood	10"	S38°E	13.77 feet
_	Hemlock	26"	S45°W	13.65 feet
، می	Ironwood	12"	N64°W	39.70 feet
	Steel Sign P	ost	NW	1.00 feet

(e) Describe any material discrepancy between the location of the corner as restored or reestablished and the location of that corner as previously restored or reestablished by distance and direction. Show the discrepancy on the plan view drawing under (d), above. Show the distances between the corner as previously restored or reestablished and (1) the corner as restored or reestablished, and (2) to at least 2 of the witness monuments shown on the drawing in (d), above.

See drawing below.

(i)

(r) Was the corner restored through acceptance of (1) an obliterated evidence location, or, (2) a found perpetuated location?

Restored from accepted evidence.

(9&h) Was the corner reestablished through lost corner proportionate methods? If so, show the method, including the directions and distances to other public land survey corners used as evidence or used for proportioning in determining the corner location?

William B. Cochrane (type or print name) certify that the corner location shown on this record was determined by me or under my direction and

correct and complete to the best of my knowledge and belief. Signature
