State of Wisconsin	
County of Forest	
I Gary L. Pisoni , do herebectify that on the 9th da of July 19.90, I found evidence of the North Quarter corner of Section 3. Township 39 , North, Range 13 East Fourth Principal Meridian as described hereon; and that from this evidence I established a new monument and accessories as described hereon to perpetuate the original location of this corner.	y id ge n, ce

e) Describe any material discrepancy between the location of the corner as restored or reestablished and the location of that corner as previously restored or reestablished by distance and direction. Show the discrepancy on the plan view drawing under (d), above. Show the distances between the corner as previously restored or reestablished and (1) the corner as restored or reestablished, and (2) to at least 2 of the witness monuments shown on the drawing in (d), above.

See drawing below

(r) was the corner restored through acceptance of (1) an oblicerated evidence location, or, (2) a found perpetuated location?

Restored from accepted evidence.

(gkh) was the corner reestablished through lost corner proportionate methods? It so, show the method, including the directions and distances to other public land survey corners used as evidence or used for proportioning In determining the corner location?
