

SECTION 30, T33N R9E
TOWN OF SUMMIT LANGLADE CO.

Resurvey of part of Section 30,
using Stuth map dated 3-5-87.
Information found to be except-
ionally accurate.
Corners were not located by
digging, tie sheets from county
surveyor records were used.
Ties need upgrading.
I question the breakdown of the
west half of the section, was it
done equaldistance or proportionally
as it should have been done. I
did not have the original govern-
ment survey information.

This survey was done for Jim Leopold
of Wausau WI.
