East 1/4 Corner measured previously.

U.S. PUBLIC LAND SURVEY MONUMENT RECORD

NOTE: This form is intended and designed to fufil all requirements of Wisconsin Chapter A-E 7.08 U.S. Public Land Survey Monument Record (3) (a-i)

A-E 7.08(3)(a) Identity of corner: Meander Corner East line Section 36. NORTH SIDE of Van Zile Lake Township 38 North, Range 14 East of the Fourth Principal Meridian Town of Ross, Forest County, Wisconsin

WISCRS - FOREST COUNTY N: 626,402.203 USft (XXX,XXX.XXX) E: 894,173.999 USft (XXX,XXX.XXX) Datum: NAD83 (2011) **GNSS Method RTK** GNSS Control WISCORS VRS

The coordinate value shown has been verified by the average of two or more GPS observations at a markedly different time. Coordinates shown in parenthesis are previously published values.

A-E 7.08(3)(b)

Original Surveyor: Artemas Curtis - October 1857 White Pine 14 - N 46° W, 215 Links, Tamarac 5 - S 58° E, 39 Links

November 12, 2024 - In performing the 2024 - Forest County - "PLSS Corner Remonumentation and GPS Services" project, I made a careful search of the area and found no evidence of the original corner or subsequent evidence of the corner location.

I did find Resvick's meander corner on the west side of the peninsula. The monument was laying on the lake bed in ±16" of water. The bottom end of the monument was near a pile of stones that measured N86°W, ±10.22 feet from a 20" white pine that has traces of red paint in the

In 1969, Resvick set this monument from original evidence, and witnessed the corner with a "white pine, 17 ins. diam. S86°E, 10.22 ft.". I accepted the pile of stones on the lake bed as a perpetuation of the original meander corner.

March 13, 2025 - I established a calculated position for the Southeast corner of Section 36 using original evidence at the meaner corner on the west side of the peninsula on Van Zile. Lake.

I set a 2.4" diameter X 30.5" long aluminum pipe monument with a 3.25" diameter aluminum cap stamped to identify the corner location, on a line between the calculated section corner, and the East 1/4 corner of Section 36.

The monument is ±30' from the edge of water in a tamarack swamp, and is flush with grade.

Lestablished 4 new reference monuments as shown below.

A-E 7.08(3)(c)(d) Plan view of corner with references to at least 4 witness monuments.

Bearings listed to the nearest second are referenced to the: Wisconsin County Coordinate Reference System, FOREST County Zone. All other bearings are magnetic.

Monument sizes = outside diameter measurements.

Vinyl T-post, set ±1 foot north of corner

Established position, as noted
