

U.S. PUBLIC LAND SURVEY MONUMENT RECORD

Index No. X-5

State of Wisconsin }
County of Forest } ss.

I, William B. Cochran, do hereby
certify that on the 30th day
of July, 1985, I found
evidence of the East Quarter
corner of Section 31
Township 39 North, Range
14 East, Fourth Principal Meridian,
as described hereon; and that from this evidence
I established a new monument and accessories
as described hereon to perpetuate the original
location of this corner.

Resident witnesses:

David Brownell

State Plane Co-ordinates
N- 239,419.9930
E-2,311,999.3590

○ = Corner monument restored.

History of original corner establishment:

Original Government Survey in 1865, by William E. Daugherty, and Alex McDill.
North between Section 31 and 32, 40.00 chains, set Quarter Section Post to
Sections 31 and 32, from which the following bear;

Tamarac	10"	N10°W	19 lks.
Tamarac	10"	S85°E	23 lks.

Description of corner evidence found:

Found 1" diameter iron pipe, 2½ feet above the ground.

I accept the iron pipe as the best available evidence for restoring the corner position.

No original corner evidence was recovered.

Description of monument and accessories I established to perpetuate the original location of this corner.

In place of iron pipe, set a 2½" diameter aluminum pipe monument, 5 feet long,
4 feet in the ground, with an aluminum cap stamped; T39N, R14E, 1/4, S31, S32,
1985, S-1107. From which the following new blazed and scribed bearing trees bear;

Cedar	13"	S72°E	39.80 feet
Tamarack	9"	S 8°W	63.08 feet
Steel Sign Post		NE	4.00 feet

Dated at Hiles, Wis., this 27th day of January, 1986

Signature William B. Cochran Title Land Surveyor Registration No. S-1107
(County Surveyor, Registered Land Surveyor, or other duly authorized official)

Office of Register of Deeds, County of Forest, I hereby certify that the within
instrument was filed in this office for record on the 11th day of March, 1987
at 3:30 o'clock P. M.

- (e) Describe any material discrepancy between the location of the corner as restored or reestablished and the location of that corner as previously restored or reestablished by distance and direction. Show the discrepancy on the plan view drawing under (d), above. Show the distances between the corner as previously restored or reestablished and (1) the corner as restored or reestablished, and (2) to at least 2 of the witness monuments shown on the drawing in (d), above.

See drawing below.

- (f) Was the corner restored through acceptance of (1) an obliterated evidence location, or, (2) a found perpetuated location?

Restored from accepted evidence.

- (g&h) Was the corner reestablished through lost corner proportionate methods? If so, show the method, including the directions and distances to other public land survey corners used as evidence or used for proportioning in determining the corner location?

- (i) I, William B. Cochrane
(type or print name) certify that the corner location shown on this record was determined by me or under my direction and control and that this U.S. Public Land Survey Monument Record is correct and complete to the best of my knowledge and belief.

U. S. PUBLIC LAND SURVEY MONUMENT RECORD

INSTRUCTIONS:

This record shall show the location of the corner and shall include all of the following nine elements (a through i).

- (a) Identify the corner by reference to the U.S. public land survey system.

○ = Corner monument restored.

Quarter Corner common to Sections 31 and 32,
T39N, R14E, Forest County, Wisconsin

- (b) Describe any record evidence, monument evidence, occupational evidence, testimonial evidence or any other material evidence you considered, and whether the monument was found or placed. Original Government Survey in 1865 by William E. Daugherty and Alex McDill.

In 1985, William B. Cochran, Land Surveyor with the Forest Service, found a 1" diameter iron pipe 2 feet above ground. In place of iron pipe, set a 2½" diameter aluminum pipe monument, 5 feet long, 4 feet in the ground, with an aluminum cap stamped; T39N, R14E, 1/4, S31, S32, 1985, S-1107. Blazed and scribed the following;

Cedar	13"	S72°E	39.80 feet
Tamarack	9"	S08°W	63.08 feet
Steel Sign Post		Northeast	4.00 feet

On 7-29-99, Gary L. Pisoni, RLS, found the monument as described above, found the bearing trees as described below, and made a new bearing tree as described below.

See previously recorded Land Corner Certificate, Document # 132396.

- (c) In the plan view drawing below, provide reference ties to at least 4 witness monuments, or, if the location is within a municipality, to at least 2 witness monuments. (witness monuments shall be made of concrete, natural stone, iron or other equally durable material.)

- (d) Show a plan view drawing depicting the relevant monuments and reference ties which is sufficient in detail to enable accurate relocation of the corner monument if the corner monument is disturbed. Indicate north.

1. Cedar, 16", S72°E, 39.80 feet
2. Tamarack, 12", S08°W, 63.08 feet
3. Steel Sign Post, Northeast, 4.00 feet
4. Tamarack, 14", N06°E, 45.41 feet(NBT)
