O — Comor monument	D. ,		:•	Danier		
O = Corner monument restored.	Бу			Deputy		

Describe any material discrepancy between the location of the corner as restored or (e) reestablished and the location of that corner as previously restored or reestablished by distance and direction. Show the discrepancy on the plan view drawing under (d), above. Show the distances between the corner as previously restored or reestablished and (1) the corner as restored or reestablished, and (2) to at least 2 of the witness monuments shown on the drawing in (d), above.

See drawing below.

(r) was the corner restored through acceptance or (1) an obliterated evidence location, or, (2) a found perpetuated location?

Re-established through proportionate methods and accepted evidence.

(96h) was the corner reestablished through lost corner proportionate methods? If so, show the method, including the directions and distances to other public land survey corners used as evidence or used for proportioning in determining the corner location?

correct and complete to the best of my knowledge and belief.

Signature
