SURVEY NOTES

This survey was made by Gary L. Pisoni, a Registered Land Surveyor in the State of Wisconsin, for the U.S.D.A., Forest Service, for the purpose of recovering, restoring, establishing, marking, and perpetuating the corners and boundary lines of U.S. Government Land on the perimeter and within Section 13, Township 39 North, Range 13 East, Fourth Principal Meridian, Forest County, State of Wisconsin, as shown on the plat map herewith.

The Original Government Sub-division of this township was done in 1865 by William E. Daugherty and Alex McDill. The East township line was done in 1858 by Artemas Curtis. Dependent resurvey was done in 1978 by Gary L. Kratz and Michael J. Avery.

The bearings between corner positions are true bearings referenced to a solar observation which was taken at the intersection of State Highway 55 and Jones Creek located near the Southwest corner of Section 13. All distances shown thereon are in feet and hundredths of feet. The control traverse was measured by use of electronic distance measuring equipment.

The accuracy of this survey exceeds the State requirements of 1 in 3000.

The field notes and a copy of the Plat of Survey are on file in the Forest Supervisor's Office at Rhinelander, Wisconsin.

CORNERS RECOVERED AND RESTORED1. Northwest Section Corner

Corner restored from a Dependent Resurvey in 1978 by Gary L. Kratz and Michael J. Avery. Corner position determined at the intersection of the State Highway 55 and Hartline Road extending East.
