SURVEY NOTES

This survey was made by Gary L. Pisoni, a Registered Land Surveyor in the State of Wisconsin, for the U.S. Department of Agriculture, Forest Service, to establish and mark controlling subdivision corners of U.S. Government Land in Section 18, Township 40 North, Range 13 East, Fourth Principal Meridian, Forest County, Wisconsin.

The original Government survey of this township was made in 1865.

A dependent re-survey was made by the U.S. Department of the Interior General Land Office in 1941 and 1975. The corners of the dependent re-survey on the perimeter of Section 18 were recovered as control for the subdivision survey of Section 18.

The U.S. Government acquired title to lands in Sections 18 in 1932, 1933, 1934 and 1938.

The bearings between corner positions are true bearings as determined by reference to solar observations. The accuracy of this survey exceeds the State requirements of 1 in 3000.

The field notes and a copy of the Plat of Survey are on file in the Forest Supervisor's office in Rhinelander, Wisconsin.
