Bearings are referenced to **RECORD** bearings of Volume 1 of CSM, Pg 19
RECORDED AS S 58°08'00"W along the southeast line. Said maps referenced to solar bearing on section line

NOTE: Existing monumentation of Robert Poss, RLS was found in good condition and the adjoining lot dimensions fit well. The iron which was set on this survey along Clear Lake Road, reflects a best fit for road conditions. To use the deduced dimensions and bearings would have placed this point too near the actual road as traveled. Curves were also not computed to follow adjoining surveys of record.
