

LEGEND

- ⊙ 4" iron pipe with brass cap found
- found old scribed wood post (iron pipe with brass cap found next to post)
- ⊙ 3/4" x 30" re-bar set
- ⊙ 1 1/4" x 36" iron pipe with 4" brass cap set

Bearings are referenced to the South line of the SW 1/4 of Section 30, which, from 1939 re-survey information, bears N 89°12' W.

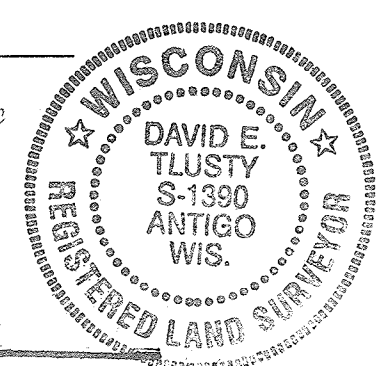

Corner forms for all section and quarter section corners shown hereon are on file in the County Surveyors office.

Note: Reference trees for the MC on the SE side of Vantor Lake are measured to the face of a low blaze facing the corner, and also have a "X" blaze, high, facing the corner.

I, David E. Tlusty, Registered Land Surveyor and Langlade County Surveyor, do hereby certify that, by the direction of the Langlade County Forestry Department, I have made a survey to locate the corners of the Northwest Quarter of the Southwest Quarter of Section 30, Township 33 North, Range 12 East, Langlade County, Wisconsin, as shown hereon. The location of each section and quarter section corner shown is based on an open ended traverse. 1939 re-survey data is shown in parenthesis for comparison. Bearing trees, unless indicated otherwise, are measured to an aluminum nail in a small blaze on the left side of each tree. I further certify that this map is a true and correct representation of said survey, and that this survey is correct to the best of my knowledge and belief.

May 17, 1994
David E. Tlusty, RLS-1390
Langlade County Surveyor
