Notes:

- This survey shows 1' intermediate contours and 5' major contours.
- Deed Reference—Volume 195 page 523
- The original plat of "North Shore Beach" was done in 1924 by surveyor Henry Oik. Consistent with previous retracement surveys of his work, large discrepancies were found in angles, distances and monument locations from those represented on the plat. Found monuments, plat distances and long standing possession evidence were used to re-establish the boundary of the property shown hereon.
- A legal description was provided to the client on a separate sheet.
